

ATTENTION

Re: Small games of chance pending bills #444, #731 and #169

We are asking all of our members to send a letter or email to your state representatives as well as Governor Corbett to urge them to take a closer look at the above mentioned small games of chance bills that are currently being discussed. These bills have been pending since 2009 and if passed, they will ensure our ability to help better serve the community and keep our Club running as well as the others in the state.

This will only happen with your help

The bills represented above will give all Associations, VFW's, Legions and similar facilities the capability of earning and paying out more money a week from the small games of chance. These monies are used in part to help support our local Engine 32 Fire Company, Youth Sports Teams, In-house Sports Leagues, Armed Forces and Veterans Associations just to name a few. As well as continue the improvement of the PFCHA.
